

## **Introduction**

As St Martins Enterprise Adviser, I would like to introduce myself!

My name is Lily and I live in Oswestry. My hobbies include walking my dogs and going on holiday as much as possible!

## **Background**

For my secondary and further education, I attended the Marches School and Sixth Form. At A-Level I studied English Literature, Spanish and Law.

I also had several part time jobs while attending school, including customer services and hospitality roles.

I joined Aico in September 2019, as a Customer Service Practitioner Apprentice, this role entailed interacting with our customers and clients, completing various admin roles and working as part of a wider team.

Aico are the market leaders in home life safety, delivery high quality fire and carbon monoxide alarms to domestic properties across the UK.

My apprenticeship at Aico allowed me to learn a lot about the business while also gaining a qualification.

## **My role as Community Liaison for Aico**

Upon completion of my apprenticeship, I moved into the role of Community Liaison at Aico. This involves coordinating Aico's Corporate Social Responsibility (CSR) programme, 'Aico in the Community'. This initiative heavily focuses on education through supporting local schools and colleges.

Part of my role entails attending, along with my colleagues, careers events and various workshops to reach out to students and make them aware of potential careers opportunities as well as the benefits of an apprenticeship. Since starting this role I have also had the responsibility to organise career days, fire safety awareness sessions and more, within our HQ in Oswestry.

## **My role as an Enterprise Adviser**

Since learning so much about the importance of businesses within a careers programme, I wanted to expand my reach more by becoming an Enterprise Adviser.

I was delighted to be paired with St Martins School, being aware of their already high-quality careers provision as well as the excellent culture of the school.

I believe this Enterprise Adviser programme is a fantastic volunteering opportunity that I would encourage any business to get involved in.

To get involved in St Martins careers programme, please get in touch.
