

ST MARTINS SCHOOL

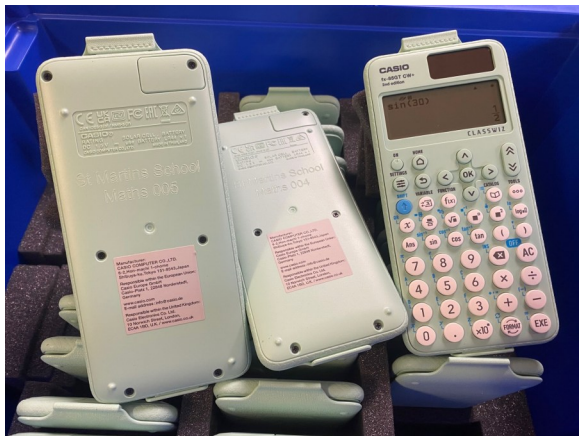

3 July 202626

St Martins School is proud to have once again been awarded **Best Contingent** and won the Gun Run competition, making it an incredible **three consecutive years** of success for our cadets. This achievement reflects the outstanding commitment, teamwork and determination shown by our pupils, who represented the school with pride and enthusiasm throughout the event. Congratulations to everyone involved on this fantastic accomplishment!

To support the teaching and learning of mathematics, **Approved Care and Support**, based in Oswestry and Shrewsbury, have very kindly donated **30 engraved scientific calculators**.

We strongly encourage all students in **Years 7-11** to own and bring a calculator to school, with the **CASIO FX-85GT CW** being our recommended model. Calculators play a vital role in mathematics lessons and are essential for success in GCSE Maths, where students complete **two 1.5-hour calculator papers** as part of their examinations. Regular use of a scientific calculator helps students build confidence and develop the skills needed to use this technology effectively in both lessons and exams.

We would like to extend our sincere thanks to **Approved Care and Support** for their generosity and continued support of our students.

Please continue to send your child to school with a sun hat and ensure sun protection has been applied before they arrive. Water bottles should also be brought in and filled ready for the day.

Have a lovely weekend, Mrs Pope

We are still welcoming any outgrown pre loved uniform into school so this can be recycled and re used.

Donations of school shorts/trousers/skirts/leggings and knickers/pants/socks for our Early Years/KS1 are always welcome in case of the occasional accident in these classes!

A reminder for parents of nursery, reception and year 1 to have a spare pair of pants and socks packed in their bags too.
