

What would a FIRE DRILL look like?

A social story for KS3

- 1** The fire alarm will sound.
This is a loud, continuous beeping noise. It means we need to leave the building.

- 2** Stop what you are doing.
Stay calm, don't panic.
You don't need to collect bags or belongings.

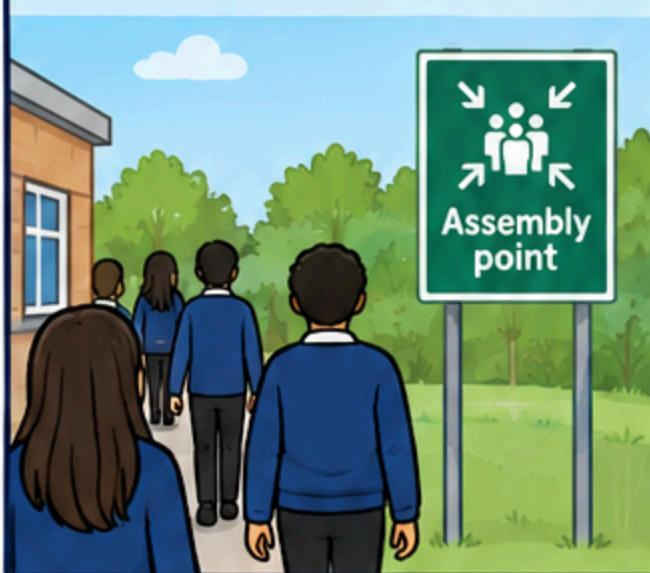

- 3** Follow your teacher's instructions.
They will tell you the quickest and safest way to leave the room and building.

- 4** Leave the room in an orderly way.
Walk, don't run. Keep to the left and be quiet.

- 5** Go to the assembly point.
This is usually outside the building, in a safe open space.

- 6** Stand with your class.
Your teacher will check that everyone is safe and accounted for. This may take a few minutes.

- 7** Wait for the all clear.
You will be told when it is safe to go back inside. It might be just a few minutes, or longer if needed.

- 8** Go back to your lesson.
Return to your room in the same calm and orderly way.

✓ Remember...

- The fire drill is there to keep everyone safe.
- It might feel strange at first, but it's just a drill.
- Everyone knows what to do, and you'll be supported by your teachers.

Stay calm.
Follow the instructions.
You're safe! 😊
